### PROFESSIONAL SUMMARY

Skilled React developer with expertise in JavaScript (ES6+), and React.js, including hooks, Redux, and Context API. Strong experience building responsive SPAs with React.js, REST APIs, and performance optimization. Proficient in CSS3, Tailwind, and testing (Jest/RTL). Passionate about creating efficient, user-friendly web applications. Eager to leverage React ecosystem expertise to build seamless, user-centric web experiences in a collaborative team environment.

### OPEN SOURCE PROJECTS

#### CURRENCY CONVERTER

[Live Link: currency-converter](#)
